To Tama River

Welcome to Seiseki-Sakuragaoka

Seiseki-sakuragaoka is the city used as a model for the Studio Ghibli animated film "Whisper of the Heart." Please explore this pleasant city with rich nature and history. You might meet a lovely cat, or a story of youth might begin.

As this is a residential area, please behave with proper manners, such as not littering or making loud noises. Also, please be careful as some sidewalks are narrow and you will need to cross roads.
